TheCottageAccommodationTariffs

The Cottage is a beautifully converted 18th Century barn adjacent to the pub.

It houses six well-appointed executive en-suite bedrooms each with direct dial telephone, colour television, fax and computer modem points, trouser press and hair dryer, tea and coffee making facilities. All our rooms are non-smoking.

Each room is individually and tastefully decorated. Disabled guests are welcome with one of our double rooms catering for wheelchair access and disabled facilities

There is plenty to see and do in the surrounding area, with National Trust properties at Little Moreton Hall and the beautiful Biddulph Grange Gardens, the historic stately homes of Capesthorpe and Gawsworth, and of particular interest to children and teenagers the fascinating Jodrell Bank Radio Telescope and Visitor Centre with its interactive displays and planetarium.

For business travellers, it makes an ideal base for visiting companies in areas such as:

- Congleton (2 minutes)
- Macclesfield (15 minutes)
- Alderley Edge (10 minutes)
- Wilmslow (20 minutes)
